When cosmetic dentist Dr. Debra Gray King, of the Atlanta Center for Cosmetic Dentistry, was featured in an episode of ABC's *Extreme Makeover*, millions of viewers saw what a huge difference a beautiful smile can make. To help you snag primetime-worthy pearly whites of your own, Dr. King offers us—and you!—some pro pointers:

* **Choose lipstick wisely** "If you have blue-gray teeth, avoid red and orange lipstick shades because they can make your teeth look more yellow; wear bright-pink and berry shades, instead," suggests the cosmetic dentist. "If your teeth are more yellow-ivory-brown, wear red and orange shades because they'll minimize the yellow; avoid purple and pink lipcolors."

* **Whiten at home** "If your teeth aren't as white as you'd like them, whiten them—it's safe, painless and inexpensive," Dr. King advises.

* **Whiten in the dentist's office** "If your teeth are chipped, rotated or crooked, we can straighten them by bonding porcelain shells onto the teeth, and you can pick the whiteness you want," shares the tooth expert. "Veneers cost between \$1,200 and \$2,000 per tooth, but

they last at least 15 years. Whitening runs in the \$500 range, although we frequently offer it free to new patients." As an added bonus the Atlanta Center For Cosmetic Dentistry will not only help you look good, but its homey atmosphere reminiscent of an upscale hotel with pampering amenities will make you feel comfortable as well.
